

Iron County Register

IRONTON, MO., AUGUST 28, 1919.

E. D. AKE, EDITOR.

VOLUME LIII. NUMBER 13

No government ownership of railroads! This is not a Bolshevik nation—not yet quite; and grief is ahead for those trying to make it so, muster they under whatever flag they will.

When the wage earner attempts to offset profiteering by profiteering in return, he's going to get left, every time. The way to stop profiteering—and the only way—is to kill it with the club a free people always has at hand. Robbing the public is as wicked in the labor organization as in the trust.

At a meeting of the Women's Democratic Committee of the 13th Congressional District held at Bismarck Tuesday Mrs. Clyde Williams of Jefferson County and Mrs. B. N. Wilson of Wayne County were selected as members of the State Central Committee from this district. Mrs. L. O. Knox of Washington County was chosen as chairman of the Committee and Mrs. F. P. Ake of Iron County as secretary. Resolutions were adopted unqualifiedly endorsing President Wilson's attitude as to the League of Nations.

To the Patrons of Ironton High School.

I regret that I have been unable to make a definite announcement concerning the opening of the Ironton Schools. However, programs have been planned and definite outlines made for the coming year. Because of the excellent buildings and equipment together with the well trained teachers, it can be safely said that few Ozark towns offer such exceptional advantages for High School training. Conditions are ideal for non-resident pupils who have completed the grades in rural schools. Good boarding places may be secured reasonably. Tuition for non-resident High School students will be two dollars a month payable monthly in advance. Every effort will be made to make the year's work pleasant and successful. Registration for High School Students will be conducted at the High School building Friday, August 29th, at 10 A. M.

W. A. BROOKSHIRE, Sup't.

Baptist News and Notes.

Despite the high temperature last Sunday was a good day for our church. At the closing of the Sunday School Dr. Riggs made some interesting remarks on the lesson. We thank him. The auditorium was fairly well filled the morning hour by an audience that gave encouraging attention to what the pastor said concerning Christian education. We had the pleasure of welcoming a number of strangers. We were glad to see several friends who do not visit us as often as we wish they would.

In the evening Miss Virginia Conway led the Young People's meeting in a most acceptable manner. She was assisted by members of group No. 4. Miss Mary Rudy is the leader for next Sunday evening.

We hope to see every member who can possibly come to the conference Wednesday evening of this week.

Next Sunday morning the committee appointed on the One Hundred and Seventy-five Million Campaign will make a report on the work done in the month of August.

A. B. BUSH, Pastor.

Lost—From an automobile between Ironton and Bellevue Monday afternoon a Black Walrus traveling bag, containing clothes and valuable papers. A \$10 reward will be paid for the return of the bag and contents to this office.

Des Arc Items.

I was in and around Charleston, Sikeston, Benton and Oran, the watermelon district. They certainly have done a big business shipping melons to Chicago, Vincennes, Baltimore and Cincinnati. Every town in the east has buyers down there. More than 2500 cars shipped from Stoddard county, and over 3,000 from Scott county. The season is about at an end, as all the 20-lb. melons and over have been shipped. I heard a buyer say he would not pay freight on a ten or twelve pound melon. Farmers are feeding them to the hogs.

Jesse B. Jackson arrived home Saturday, having been honorably discharged from the navy. He has been gone about a year and a half. We were glad to welcome him back.

At the morning service Sunday in the M. E. church Rev. Warren, the pastor, requested the choir to sing "America," and each member of the congregation came forward and gave him a welcome handshake as he stood before the pulpit. He made a very interesting talk before the B. Y. P. U., which was much enjoyed by all. Our boys have all returned home except one, Firmin Lashley, and we feel very thankful that they were spared to return home. Two of our soldier boys, Charley Poston and Andrew Adams, died in camp; also Chas. Lovelace of Brunot. All are buried in the Des Arc cemetery. They gave up their lives for a noble cause and we shall always honor them and the brave parents that made this great sacrifice that we might live in a land of peace and freedom.

Roland Stevenson has returned to his home at Brunot. He went overseas with the Wallis boys and Jas. Maddock and Den Lovelace. We enjoyed his letters that he has written to the Register while away.

Everett Myers, one of our boys, who served with the Marines overseas, is here visiting his aunt, Mrs. N. A. Farr, and he has had quite an experience having been wounded in battle and in a hospital for several months. He is looking fine and his

friends are glad to welcome him home again.

Mrs. Lydia A. Kize of Jackson who taught here in our school last year was here last week to visit Mrs. J. H. Stevenson. She resigned here to attend the Moody Bible Institute in Chicago this winter to prepare for a Missionary. She will after completing her studies go to India.

Mrs. Ida Benson, of St. Louis, widow of the late John S. Benson, of St. Louis, is visiting her daughter, Mrs. Mathina Bolch, of Annapolis. Mrs. Benson is accompanied by her granddaughter, Mrs. Minnie Giessing. Mrs. Benson sent for the writer to come and see her before she returned to St. Louis. I never have forgotten the good old bowls of soup that Mrs. Benson used to send me in my widowed days, ten years or more ago. I went over to see her; we had a hearty handshake and good talk over bygone days. She informed me that her son, Edward, had recently married a most lovely woman and was living near her. Her other son, Benjamin, recently returned from France and is making his home with her again. She has nine apartments rented; does her own rent collecting and saves \$100 a month thereby. She will return to St. Louis this evening.

Clarence Moss has gone to St. Louis to work.

Andrew Sutton has moved out to R. Mann's mill on Black river, where he gets \$4 a day, straight time.

John R. Harris will move to Ironton as soon as he can sell his blacksmith tools.

The Annapolis school opened this

(Monday) morning with Prof. McColl of Bellevue and wife as teachers. This is the third term Mr. McColl has taught here and he and Mrs. McColl are highly regarded by our people.

Wm. Moss is in Annapolis today to finish moving his household goods to his new mill site in Reynolds county. He will be ready to saw lumber this week.

Alfred Loyd is getting a lot of wells to dig here this dry weather. He has lately finished wells for D. A. Worley, James Slusher, Thomas Castile and Charlie Reynolds, and has one to dig for James L. Castile.

Squire Kitchell is feeling better than he has at any time in the past two years. He lays it to the arrival of the girl baby at his home and some messes of good corn bread—the most wholesome bread made.

Carl Bolch is home again and working in the store for his father.

H. N. Loyd, the section foreman here, has laid off several of his men. He has his section in good shape and the weeds all cut on his six miles of road.
